MINING, BUSINESS AND STOCKS

FURENOON ON THE EXCHANGE

Lower Mammoth Holding Remarkably Steady on Weak Market.

CULORADO SOME STRONGER.

Sales of Unlisted Stocks-Ohio Ken tucky, Ohio Copper and Standard Copper.

Lower Manimoth continues to hol remarkably steady in the face of the deprecation that has been in evidence with other Tintic stocks. Uncle San Consolidated opened weak and dropped to 90 cents, but the receipts of nex buying orders caused the price stiffen somewhat on the open board Beck Tunnel Consolidated sold as lov os 95 cents, while Colorado was b fair demand and sold all the way from \$3.50 to \$3.65. There is little indi cation that the deal for the 400,000 shar lot of Seven Troughs is a go, for the stock went begging today and sale were reported down to 22 cents.

There was not very much doln

among the unlisted stocks. Ohlo Ken tucky sold at \$2.50; Ohlo Copper a \$2.25 and Standard Copper at 24 cents The closing quotations and sale

VERONA MINING CO. FILES. The Verona Mining company of Bing-The Verona Mining company of Bingham filed articles of incorporation with the county clerk today. The company is formed to operate properties in the Bingham district and fis principal place of business is in Bingham canyon. The officers are: Forest A. Darrenougue, president: J. E. Dow, secretary; Francis W. Quinn, treasurer; James Ingebrates and D. C. McIntyre, directors. The capital stock of the company is \$1,000,000, in shares of \$1 each.

WORKING IN TENABO.

J. H. Daniger Comes to Buy Equipment for Troy Mining Company.

J. H. Daniger, a well known business man of Pocatello and manager of the Troy Mining company's properties in the Tenaho, Nevada, district, is in the city teday on a brief business trip. During the day he placed an order with local machinery firms for new mine equipment and gave instrucnew mine equipment and gave instruc-tions that it should be shipped as soon

as possible.

"The Troy company," aid Mr. Daniger today, "owns one of the best mining
propositions in the Tenabo district,
and we believe this will be demonstrated a little later on. Contracts have of 200 feet; so you see we are pushing things. A number of Pocatello citizens are interested with me in this enter-

Mr. Daniger expects to return to Po-catello this evening, and will visit the property a few weeks later.

NEARING GOLDFIELD.

Nevadans Preparing to Celebrate Salt Lake Route's Arrival.

If you look to the eastward some fire, bright morning, you will see a thin column of smoke arising, indicative of one element of progress of the great district of Goldfield, says the Goldfield Tribune. It is from the track laying machine of the Las Vegas & Tonopak railroad, which is straining every nerve to reach peerless Goldfield within record time. When one realizes that 15 minutes walk will bring him within sight of the laying of steel for a continental system, he comes to the conclusion that the Pearl of the Descrit is not so siow, after all.

The Las Vegas road will be into Co-The Las Vegas road will be into Columbia tomorrow and within a few days thereafter, the rails will have been laid into the city proper.

Oct. 28 is Railroad day. Don't forget that. And the district will have one of the biggest and most significant celebrations at that time in her history. All societies in Goldfield will take part in the event. The chamber of commerce, Athletic club, Monteguma club, stock exchange, and half a dozen others, are preparing for a grand dozen others, are preparing for a grand dubiles to celebrate the driving of the inst spike that will afford competition in railroad service to the section that is astonishing the world in the produc-

LAST CHANCE MINE CLOSED

Fifty Men Let Out at This Well Known Bingham Mine Last Evening.

NEVADA-UTAH HOLDING.

Orders to Shut Down Came from Eastern Offices of Company.

The Last Chance mine in Bingham which is one of the assets of the Neva-'da Utah Mines & Smelters corporation, was closed last night upon orders received from the eastern offices to do so. About 65 men have been employed at this property and according to information telephones in from camp today, all but 15 of the number have been paid off. The small force re-maining is to be kept on duty, principally to do some timbering in the mine It is said the Last Chance, while not making a great deal of money out of ore shipments has considerably more than paid operating expenses under the careful management of Superintendent Kirk.

Kirk.

The property is equipped with a small concentrating mill which was recently overhauled and provided with equipment more suitable to the ores of the mine than the original plant was.

The Last Chance is situated in the upper part of the camp: is only a short distance from the main workings of the Boston Consolidated's suiphide mine and mine buildings of the New England Gold & Copper company. It is productive principally of low grade silver-lead ores. ver-lead over.

CAMP OF MANHATTAN.

Erection of Stamp Mills Gives Evidence of Prosperity.

Manhattan, Nevada, Oct. 15.-That the mining camp of Manhattan has the mining camp of Manhattan has taken on renewed life and activity, is evidenced by the fact of the increased traffic to and from town, and the great impetus displayed in mining operations throughout the district. What Manhattan needed to bring her out of the letharsy in which she lingered for many months, was stampmills to market the product extracted from her numberless mines, which has heretofore lain idle for want of treatment. The three mills now under course of construction in Manhattan, are making great headway, and the Wilf mill will be in operation by the 1st of November, harring further delays. This will immediately furnish a market for 100 tons of milling ore per day. Within 60 days more the Lemon mill will add to the daily capacity with its tenstamp mill, to be soon followed by the 50-ton Huntington mill of Dayis & Chapman.

50-ton Huntington mill of Davis & Chapman.

Under the above condition of affairs, the leasers are working with renewed efforts, and are laying aside vast quantities of high grade milling ore awaiting the starting of the mills. Many of the leases on the various properties are taking out shipping ore along with the milling, and within another year, Manhattan will rank with the leading camps of the West.

GOLDFIELD CONSOLIDATED.

Another Property Opened Into Shipping Proposition.

One of the most important strikes made in the district during the past six months developed yesterday on the Victor, adjoining the Gold Bar on the east and the Hat, one of the Blue Buil company's claims on the west, says the Goldfield Tribune. From both these properties some ore has been shipped and considerable work has been done. The find was made at a depth of 312 feet in a drift extended to the northwest and some 200 feet from the shaft. The pay portion of the lead is four feet wide and assays on the ore rub at the rate of \$60 a ton. The find was made yesterday and work was suspended temporarily.

The discovery of pay rock in this lo-

was made yesterday and work was suspended temporarily.

The discovery of pay rock in this locality is very important. The shaft is deeper than either the Gold Bar or the Hat and it would indicate that depth is required in this section of the country.

The Victor was one of the properties owned by the Goldfield Combination before that company sold to the Consolidated. It was worked under lease by Dick Dillon for over a year Dillon was associated with Michael Finnarty, a Denver capitalist, and they sank a shaft 200 feet besides considerable drifting and crosscutting. Dillon

sank a shaft 200 feet besides considerable driffing and crosscutting. Dilion got occasional assays that went good pay, but threw up the lease after having expended thousands of dollars in trying to find the ore in place. The Consolidated company put John Curry and Matt Muligan, two very competent mine superintendents, in charge The shaft was retimbered and the work of sinking was continued and the re-

The shaft was retimbered and the work of sluking was continued and the result is that the Consolidated has another mine on its list.

John W. Finch, general manager of the Consolidated Mines company, last night confirmed the strike on the Vietor. He said:

"I do not know for a fact the size of the ore body on the Victor, but I am informed that it is guitte large. I am informed that the ore runs \$60 a too, and that the indications are excellent. I am frank to confess that this lent. I am frank to confess that this discovery opens up a large area in a comparatively new section of Goldfield and is therefore significant."

President Tony Jacobson of the Co-lumbus Consolidated Mining company is planning on a trip to New York, He will leave tomorrow.

M. M. Johnson of the Newhouse staff of engineers has returned from a trip to the properties of the Dominion Cop-per company in British Columbia.

Hiram Tyree of the Refinnce Mining company, operating at Tenabo, Nev., expects to leave for the east in a few days on mining business,

A meeting of the stockholders of the Cherokee-Nevada Mining company is scheduled to take place at the Wilson hotel this evening.

The Boston & Montana Consolidated Wining company yesterday declared a quarterly dividend of \$2 per share and nextra dividend of \$4 per share. This compares with a quarterly dividend of 2 a share and \$10 extra declared three conths ago.

More than 300 arc lights are now used PRIZE FIGHTER INTERFERES.

on the streets and at a recent meeting of the city council a contract was let for the erection of 30 arches across streets. In the business section of the city. On each of these arches will be blaced 100 16-candle power electric lights. In Saloon Row. placed 100 16-candle power electric lights.

This action on the part of the council was taken at the suggestion of the committee on decoration for the American Mining congress, which meets here in November, Lights of various colors will be used on the arches during that week.

ber of the Western Federation of Miners, got decidedly the worst of it. McCloud is now at police headquarters,
nursing a badly swollen Jaw, while
Jailor Ripley is sewing up a jagged
wound in the man's head.

McCloud picked a quarrel with some
old man in the saloon and was beating him unmercifully when "Kid"
Bernestein, the prize fighter, appeared
on the scene and interfered. McCloud stuck his fluger nails in Bernstein's cheek, and the prig promptly
knocked McCloud down, inflicting the
wounds named.

A fire late yesterday afternoon completely destroyed the boarding house of the Boston Consolidate Mining company in upper Carr Fork in Bingham and came near laying the machine shop, situated nearby, in ashes. The building and contents were considered to have a valuation of about \$6,000. A small bunk building was also destroyed and it was only by heroic measures that a large pile of storage coal was not consumed.

The burning of the Boston Consoling

NO HORSEBACK FOR HIM. Col. C. L. Heisemann Would Rather

not consumed.

The burning of the Boston Consoildated bearding house will work a serious hardship upon the mines employed in Carr Fork canyon. The management of the mining company has not attempted to conduct its own boarding house for several years. It was leased and it has been customary for the men employed in the Utah Consolidated, Bingham, New Haven, Yampa and other mines to go there for meals. A defective flue is said to have been the cause of the conflagration. Retire Than Take Test.

San Francisco, Oct. 18.—Rather than undergo the riding test prescribed in a recent order of the war department. Col. Chartes L. Heisemann, assistant surgeon general, U. S. A., has filed an application to go before the retiring board. He says he is a medical man and has not been on a horse for 39

TODAY'S TEMPERATURE.

YESTERDAY'S BECORD.

LIQUIDATION OF **COPPER STOCKS**

General List First Resisted Influence, Gave Way Under Pressure of U. P. & Reading.

MARKET BECAME VERY WEAK.

United Copper Sold in Big Blocks of Many Thousand Shares- Some New Low Records.

New York, Oct. 18 .- The influence of in-

termittent liquidation of copper stocks, which prevailed on the stock exchange tolay was resisted by the general list for a time, but was overcome when pres-sure developed against Union Pacific and Reading. A sharp break all around about noon carried down American Smalling 7% to 534, Amalgamated Copper 3% National Lead 4% and Union Pacific 5%. One account of 18,000 snares of United Copper was sold out on the curb dur-

One account of 18,000 snares of United Copper was sold out on the curb during the early hears in six blocks of 3,000 snares each, at \$12 per snare. Two monand shares of preteriod brought \$20 per snare. Rumors of the preceedings of the clearing house committee were a meturbing factor.

The market became extremely weak just before noon, an in a short time the ductine became precipitate under neavy seaing orders. Union Pacine sold down to 1004, American smelting to \$34, American smelting to \$34, American snaeling to \$34, American sold at an advance of the pear.

Finces of stocks started upward at a monerate rate in the opening dealings, the fractional gains exceeding a haif only in Union Pacine, Southern Pacific and reading. Americane of 12, and Amalgamated Copper 24, Western Union decaned 2 points. There was considerable activity in the trading and prices were inclined to yield after the opening. Anaconda lost all of its advance. Selling of the copper shares developed a week tone in the market and there was a sharp reaction. Railroad stocks, however, displayed better resistance than of late and signs or support became evidem after they had failen to the neighborhood of yesterday's closing. Amalgamated Copper dipped to 48, an overnaght loss of 19, Lackawanna felis, Pederal Mining preferred 9, American smelting 3, Great Nortern preferred 19, and Union Pacific, Missouri Pacific, Cieveland C. S. & St. L., American Sugar and Tennessee Copper 1.

whole market turned weak at H G'clock.

There was intermittent liquidation of the copper stocks and an active selling movement in Union Pacific, but the railroad list was less affected. The decline in American Smelting reached 1½, the preferred, Amalgamated Copper 2%, Union Pacific 2½, Illinois Central, Anaconda, American Sugar and Lead 2, Northwestern 1½ and Northern Pacific, St. Paul and Great Northern Ore Certificates 1.

The whole market became weak again The whole market became weak again at noon.

Honds were irregular.

Another deluge of long stock came on the market after midday and prices dropped perceptibly. The semi-memoralization in the copper stocks affected to a minor extent the railroad list, and there was a general closing out of accounts. American Smelting's loss reached %. the preferred %. National Lead 3. Amaigamated Copper %. Union Pacific %. Reading 3. American Sugar 6%, Great Northern preferred and Canadian Pacific 2% and Northern Pacific, St. Paul and Southern Pacific 18.

Sentiment in corn was bearish because of lower cables and clear, cool weather throughout the corn belt. December corn opened changed to a shade lower at %% gills and sold at 6%.

Another crash in prices carried Smelting down %. the preferred 3%. Union

Another crash in prices carried Smelt-og down %. the preferred %. Union 'acidic 3%. Amalgamated Copper, 4%. ceading, 4%. Sugar, 4. Southern Pacific, 8. Atiantic Coast Line and St. Paul, corthern Pacific, 11 inois Central and dissouri Pacific, % to 2%. The market steadled abruptly shortly fier 1 o'clock, when conditions seemed becoming panicky and sentiment was lloved.

PRODUCE.

CHICAGO. CHICAGO.

Chicago, Oct. 1s.—The wheat market broke badly again today, prices dropping nearly 8 cents below the close of yesterday. The December option sold down to 20% c. against final quotations of yesterday of \$1.02\forall 93.02\forall 9

HAMBURG DEPOSIT BANK.

Representatives Meet to Consider Sitnation Resulting from Haller Failure. Hamburg, Oct. 18.-Representatives of all the banks of deposit interested held a meeting here today to consider the situameeting here today to consider the situa-tion resulting from the failure yestrday of the firm of Haller, Sochle & Co. It was unanimously agreed to adopt certain precautions in order to prevent further trouble. Luetgens & Einstmann, export-ers an dimporters in the far eastern trade, suspended payment today as a re-ruit of the failure of the Haller, Sochle & Co.

BRITISH ROYAL FAMILY.

Some Members Will Visit Canada at

Champlain Celebration. Ottawa, Oct. 18 .- Gov.-Gen. Grey has unicially announced that members of the yal family will visit Canada in com systic painty will the contenary of the land-section with the centenary of the land-g of the Champlain. Whether it will be the king and queen, the Prince and Princess of Wales, he d not disclose, but the impression creat-i in the finds of those who heard his marks, was that it would be the king ad queen.

A SERIOUS CREEP.

One Discovered Under Residential Quarter of City of Newcastle,

Sydney, N. S. W., Oct. 18.-Dispatches om Newcastle state that a serious creep as occurred in the old-time workings mas occurred in the old-time workings under the residential quarter of that city. Fulldings on an area of 15 acres are affected and the demage so far is estimated as helf a million dollars. There have been no casualties.

A mine creep is a slow movement of rock surrounding the excavations to replace that taken out until the movement often causes a change of levels on the surface.

LONDON COPPER.

London, Oct. 18.—Copper stocks improved fractionally at the opening of the stock market. Amalgamated gained three-quarters of a point in spite of the reduction in the dividend.
